

March 24, 2022

Don Diego Scholarship Committee,

Alyssa Arias has been active in the Julian FFA for the past four years. During those four years she has been an officer for two years as Vice President. As Vice President, Alyssa has helped plan and coordinate our Banquets, chapter social activities and FFA week. This is an area of interest for her, she has taken great pride in planning these events, so that they are memorable for all of those who participate. She has gotten the younger members involved to participate in setting up and planning and taking pride in their chapter and accomplishments.

Alyssa has also participated in Opening and Closing contests her four year, and participated in public speaking her freshman through Junior year. In the public speaking contests, she made it to Region Finals twice in Prepared.

Raising livestock was another interest that she had. Alyssa raised market swine for her first three years. She had an interest in raising and caring for the pigs, she enjoyed raising them and ended making a pen at home to raise them closer to spend more time with them.

Alyssa has always been a leader, she is active as an executive officer for ASB and serves on multiple committees. She continuously challenges herself with high academic classes, she takes multiple AP, Honors and college classes. Alyssa has participated and completed the Agriscience pathway and has taken Floral Design.

Alyssa has left an impact on the chapter with her activities, social gatherings, she has shown students the passion that you can have in the work you do. She has achieved a lot in her three years of competition in speech, judging teams and livestock.

She has been a member that has been active in the chapter through livestock to public speaking. She has been an active leader in planning chapter banquets and other chapter events.

I recommend Alyssa Arias to be considered for the Don Diego Scholarship. Alyssa's experiences and her personal character has prepared her for the next chapter of her life. I believe she will succeed with her studies in school and achieve her goals.

Please feel free to contact me with any further questions.

Sincerely,

*Curtis Martineau*
