

Ernie Martinez
Manager of the Bridge Program
250 West 15th Ave. Escondido, CA 92025

To Whom it May Concern,

It is with great pleasure that I write this recommendation for Marianne Sadik to support her application. As the owner of the Bridge program, Marianne Sadik is one of the best members who comes in with a smile every day. She has a great personality filled with confidence and positivity that gives her surroundings encouragement. The Bridge program is a healthy environment that provides students at ages 7-18 with opportunities of social interactions and tutoring for schoolwork. I have watched Marianne Sadik grow into the wonderful person she is now.

Academically, Marianne Sadik is an intelligent person who consistently exhibits dedication and vigor in all that she approaches. On Mondays and Tuesdays, Marianne Sadik tutors people who need help with their homework. She is an excellent teacher with a nice personality. She is responsible, caring, and is always mindful of her surroundings. Her patience and integrity makes her a friendly person and gets along with everyone. Marianne Sadik always brings joy and happiness to everyone, especially to the people who are struggling with schoolwork.

Marianne Sadik's most outstanding characteristics are her independence of thought and willingness to express those thoughts. On Wednesdays, everyone sits in a circle and discusses certain topics that need to be addressed. Marianne Sadik always comes prepared and pays attention to everyone's thoughts. She gives opportunities for multiple people to speak, even the ones that never speak out loud, and shows no hesitation to voice questions, thoughts, and ideas. She is always an active participant and her animated character and controversial positions gives a spark that sets off the entire group to an impassioned and heated period of discussions.

Marianne Sadik is responsible and has great leadership skills that are essential to group activities. On Thursdays, Marianne Sadik divides people into groups of seven, and watches over everyone. She ensures that everyone has equally participated while reaching her extremely high standards. She also can take the quiet and shy people and actively engage them, transforming them into active members of the group. She provides attention and encouragement to every member of the Bridge program with a confident personality.

Marianne Sadik's confidence, encouragement, and great personality are breathtaking. She is an honest person who relies on wit, knowledge, and intelligence to persuade. Marianne Sadik is an outstanding person that will make anyone proud. I for one, am thankful to have taught such an outstanding individual and look forward to seeing her bright future

Sincerely,
Ernie Martinez
